About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

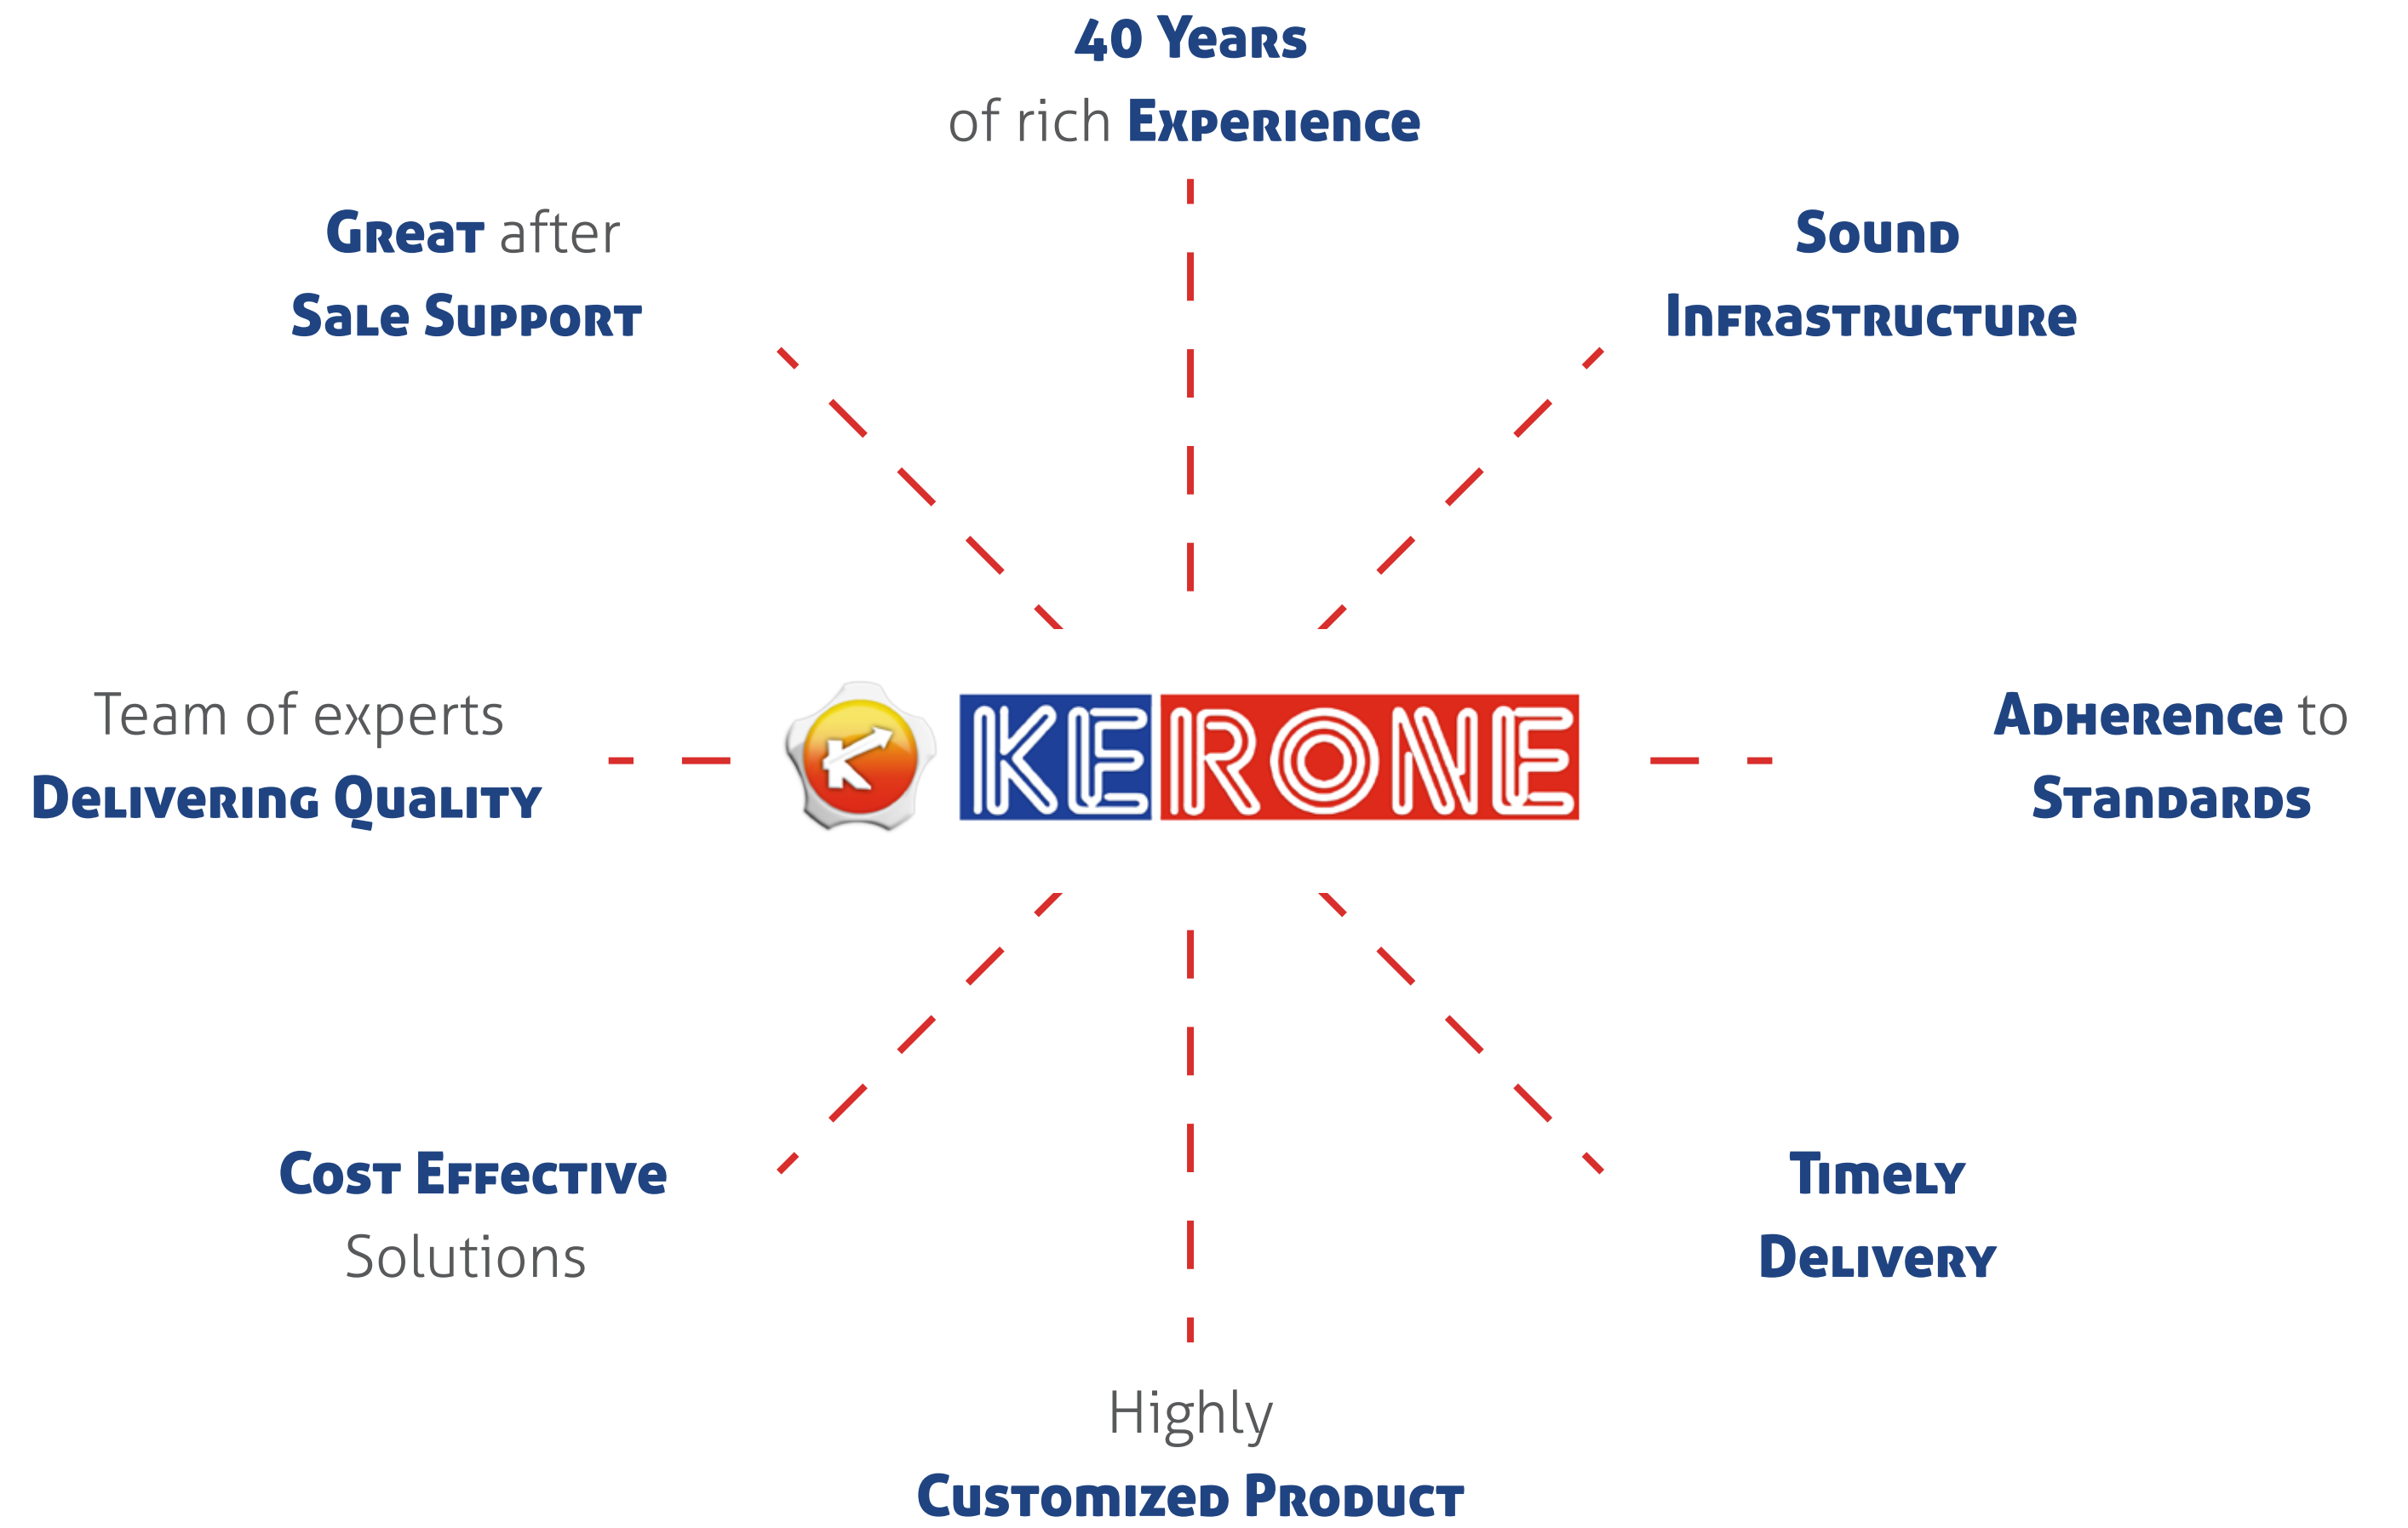

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Cartridge Heaters

At KERONE we design manufacture and export wide range of cartridge heaters, these heaters are rigorously designed by keeping the customers process need in mind.

Cartridge heater is a tube-shaped, heavy-duty, industrial heating element used in the process heating, manufactured with best quality raw material and to achieve varied temperature range.

Cartridge heaters can be used for the heating of substances such as oil, air, or sugar, but cartridge heaters find their most common application in heating of dies of plastic and packaging industries.

Applications

- Heating of Mould Tools
- Tooling
- Platens
- Packaging Machinery
- Heat Sealing Equipment
- Heat Sealing Equipment
- Plastic Process Machinery
- Food Process Machinery
- Printing, Hot Foil Printing
