About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

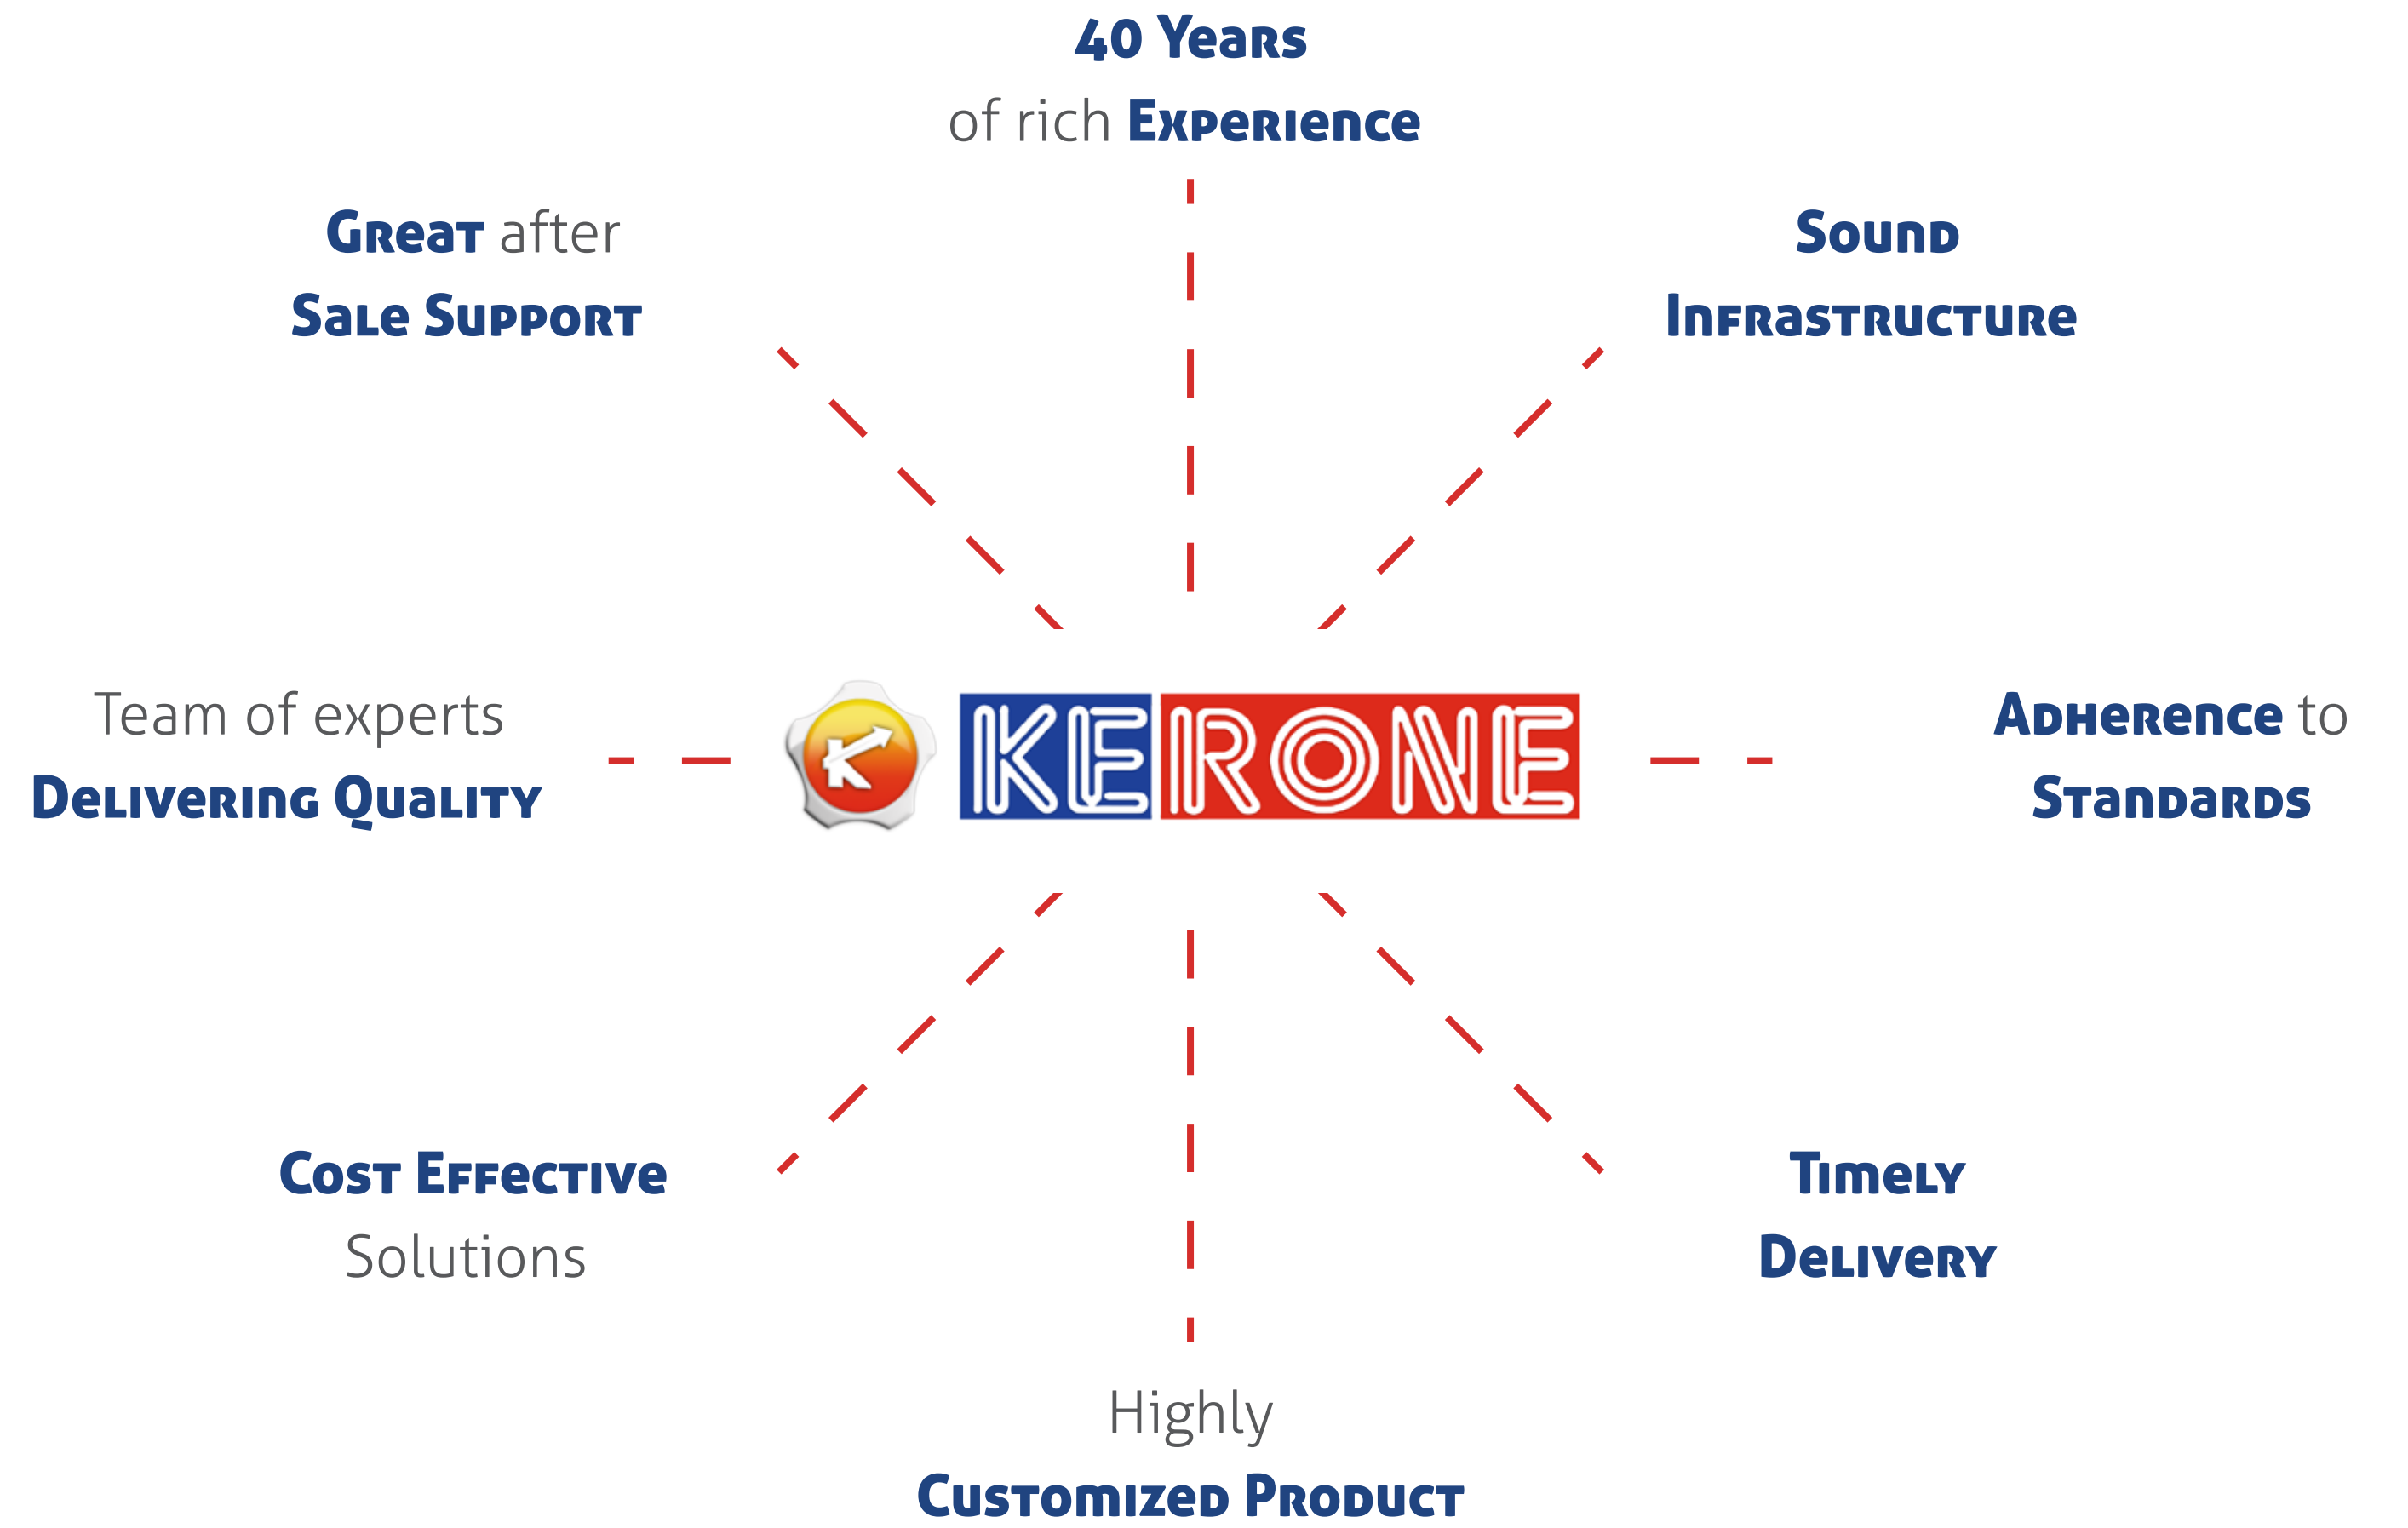

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to

Electric Oven For HT/LT Motors

HT/LT Motor manufacturing requires has specialized need of heating, drying and cooling requirement for the winding/rewinding for various type of HT/LT Generators and Motors, the process needs special type of drying and cooling solution for the hassle free and smooth operation of the HT/LT Generators and Motors manufacturing to help the clients with the type specialized need we at KERONE designed one of the most reliable and economical solution.

Features

- Longer serviceable years
- User friendly control panel
- Low and easy maintenance
- Opaque construction
- Speedy and Easy installation
- Correctly designed and engineered
- Hassle-free functioning
- Longer service life
- Strong construction
- High durability
