About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Flameproof Heaters

Kerone manufactures a full range of space heaters for industrial applications. When hazardous atmosphere is present, a certified flameproof/ explosion proof (Zone 1 or Zone 2) Air warmer is supplied.

Kerone flame proof heaters are certified by CPRI and can be used in all applications where flame proof enclosure is needed.

Features

- The Swaged Up To 1000 Kw (Larger Ratings Achieved By A Combination Of Enclosures)
- Terminal Box Is Certified
- Temperature Classes A,B,C
- Elements Are Specially Sealed To Prevent Moisture Ingress
- Elements Are Individually Replaceable On Site Without The Replacing The Whole Unit.
- Removable Type Elements Available To Facilitate Replacement Without Draining The Vessel
- Suitable And Certified For Use In High Ambient Temperatures
- Anti-condensation Heaters Fitted If Required
- Elements Are Manufactured From 80/20 Nickel Chrome Resistance Wire With High Purity Compacted
- Magnesium Oxide Powder Sheathed Within Corrosion/erosion Resistant Tube

Application

- Heating medium
- Crude oil
- Heat transfer oils
- Industrial gases
- Hydrocarbon liquids
- Fuel gas
- Tank heating

Sheath Materials

- Inconel 600/625
- Incoloy 800/825
- Stainless steel 316/316L
- Monel
- Titanium
- Stainless steel 321
